

POSTER PRESENTATION
QUANTUM GLOBAL 2025
INTEGRATED INTERDISCIPLINARY APPROACH TO PAIN MANAGEMENT
Faro, Portugal – 26 and 27th September 2025

Dear Poster Presenter,

As the Congress is quickly approaching, we would like to offer some guidelines and instructions to aid in your presentation preparation. Please make sure you have registered for **QUANTUM Global 2025**.

Exhibit Hall Hours: Selected posters will be exhibited during the two-day Congress at the congress' location.

Poster set-up starts at 8.00 am on **the 26th of September**, before the Congress location opens (Please see the Poster Instructions below).

- Please go to the Poster Session area (it will be clearly marked) and set up.

- A list of posters will be posted in the Poster Session area in the Exhibit Hall.

No oral presentation is foreseen. Selected posters should be printed out and carry a specific QR code to download the digital version of the poster (e-poster). You can find free QR code generators online (such as <https://qrfy.mobi>), but you can find the site that best suits you and your poster.

Please note that, during the Congress, posters will be exhibited unattended during other hours each day that the exhibit halls are open.

All posters must be removed from the exhibit hall by 6.00 pm on the 27th of September.

Poster Instructions

Exhibition:

- The poster boards provided measure 70 cm wide x 100 cm long (2.3" by 3.3" feet) (portrait format). Poster materials should be of a size and type that will fit within the allotted space and can be secured with scotch tape or push pins. (Please bring your own material as we will not have on-site materials).
- Please prepare your poster on one sheet of Bristol board or laminated paper
- Alternatively, presenters may display their material on several smaller sheets
- Allocate the top of the poster for the title and authors as stated on the submitted abstract.
- The text, illustrations, etc., should be bold enough to be read from a distance of two meters (six feet)
- Report a QR code on the poster to download the digital version of the poster (e-poster).

Please note: QUANTUM organisation does not have facilities or staff to collect or hold exhibit-related materials, including document tubes. We cannot guarantee the safety of materials left at your poster site.

Video presentation:

Poster presenters are required to provide a short video, recorded in advance, to be posted on the congress's web page and visible to all registrants. See the recording instructions below.

Each poster is accompanied by an e-poster consisting of a video with five PowerPoint slides and a narration. The narrations are to be in English, but you are free to make a second recording in another language if you wish to.

To make this video,

1. Use your poster and separate it into five images:

- Title slide
- Introduction
- Methods
- Results
- Discussion/Conclusion

2. Use each image on a separate file in PowerPoint and record your narration as you would present your poster to someone. Keep it short and simple... 2-5 minutes.

3. Export your slide show as an MP4 video.

4. Send the PDF of your poster and the video to

info@comecollaboration.org

Instructions on how to make a video from a PowerPoint Slide Show

PowerPoint (English):
